ANNOUNCEMENT

WELCOME MESSAGE

Dear Friends and Colleagues,

On behalf of the Organizing Committee, we have the pleasure of informing you that the **28th Annual Meeting of the Indonesian Neurosurgical Society (INS) in conjunction with the 16th Asian-Oceanian International Congress on Skull Base Surgery and the 3rd Asian Congress of Neurosurgical Nurses**, to be held on **June 6th – 9th, 2024** at **International Convention Exhibition (ICE) BSD, Tangerang City, Banten and Faculty of Medicine, Pelita Harapan University, Karawaci, Tangerang City.**

The theme chosen is **“Strengthening Regional and Global Neurosurgery Network.”**

The organizing committee is currently working on the details of the program, which consists of advanced and application workshops on the various topics presented by resource persons from within and outside the country.

Please visit the conference website **www.aosbs-ins2024.org** for a detailed program, registration, and accommodation booking with a special rate for the congress participants.

We also invite our fellow neurosurgeons and residents to submit scientific papers and join the free paper competition. Upload your abstract at the congress website www.aosbs-ins2024.org before **Friday, April 26th, 2024.**

Please make sure to block these dates and bring your family as well to join us in a unique, full of culture, and beautiful city, Banten.

We look forward to meeting you soon

Sincerely,

Asep Ceceng Rohana
Congress Chairman of
PIT 28th PERSPEBSI

Eka J. Wahjoepramono
President of AOICSBS

Description :

Endovascular techniques and therapies are always evolving, adapting to the needs of the neurosurgeon. New devices and tools are always being created. This development requires a lot of familiarization and training using advanced models, so we can use them effectively for our patients.

In this workshop, the manufacturers and distributors will showcase their latest and most popular products in endovascular neurosurgery. Participants will be able to try them in the "Mentice" advanced simulator and will have the opportunity to discuss cases with worldwide experts.

Description:

Endoscopic spine surgery is an essential part of a neurosurgeon's skills. The combination of minimally invasive technique, and the added benefits of clear visualization and advanced technology, should be very interesting for the next generation of neurosurgeons.

This workshop offers a combination of basic material for those new to the field, and advanced material for expert users. We will cover the essential full-endoscopic translaminar technique, and the endoscope-assisted Destandau and Biportal techniques. There will also be a demonstration of Percutaneous Stabilization and Foraminoplasty that can be performed, depending on the participants' speed.

ABSTRACT SUBMISSION GUIDELINE

General Guidelines

- Abstracts must be submitted and presented in English.
- You should only submit work if you, or a designee, are committed to registering for and attending the Congress to give your Oral or E-Poster presentation.
- Registration is not mandatory in the submission process; however, all Presenting Authors must register for the Congress deadline by June 1st, 2024, otherwise, the abstract will not be included in the final Congress program.
- There is no limit to the number of abstracts you may submit, however, the Abstract Selection Committee aims to achieve a wide geographic spread of presenters.
- There are 2 presentation types: Oral and E-Poster. You may indicate your preference, but the Abstract Selection Committee will make the final format determination.
- Abstracts cannot contain advertising, trade names, or product group messages. Please use generic names or terms in your abstract content.

Information Required to Complete a Submission

Submitting Author: The author that submits the abstract, to whom all correspondence will be addressed and sent. The Submitting Author is assumed to be the Presenting Author unless otherwise indicated.

- Title (maximum 20 words)
- Keywords (maximum 4)
- Abstract body (maximum 300 words, including the following sections)
- Objectives: At least 2 clear and measurable objectives
- Background: A brief statement on why the study was conducted
- Methods: The methods of study or experimental approach must be briefly defined
- Results: A summary of the study results, including sufficient detail to support the conclusions
- Conclusions: A statement explaining the significance of the study and its implications for further research
- Authors (maximum 11): Include full names with institution and country
- Preferred Presentation Type: You may indicate your preferred presentation type– Oral or E-Poster – but the Abstract Selection Committee will make the final format determination
- Disclose conflict of interest and accept terms and conditions

Editing

Abstracts may be edited until the submission deadline. After that, no changes in content or co-authors may be made. Once the review process begins, no changes to submissions are allowed – no exceptions.

Please note that any typographical or spelling errors, improperly formatted titles, etc., WILL NOT be edited by anyone at the Organizing Committee. It is the responsibility of the Submitting Author to review and verify all work submitted.

Abstract Selection

Abstracts will be reviewed by the Scientific Committee to ensure that high-quality scientific submissions are selected for presentation at the Congress. The following criteria will be used to accept the abstracts:

- Significance of the abstract for neurosurgery
- Innovativeness of ideas, methods, and/or approach
- The Rigor of methods and approach (analytical design for research, systematic approach for practice and/or policy)
- Presentation of empirical findings (not applicable if the abstract does not present empirical research)
- Implications identified for future research, practice, and/or policy
- Clarity of writing

Notification of the Abstract Selection Committee's decision will be sent by May 19th, 2024 via email to the Submitting Author, regardless of the outcome.

Registration/Attendance Requirement

The Presenting Author (Oral or E-Poster) must register for and attend the Congress. Registration must be completed by June 1st, 2024. If a Presenting Author does not register by the deadline, all accepted abstracts by that Presenting Author will be removed from the program.

If the originally designated Presenting Author is unable to attend the Congress, a “Change of Presenting Author Form” (request from ins-aosbs@pharma-pro.com) must be completed and submitted by June 1st, 2024.

The new Presenting Author must then fulfill the registration requirement, or the abstract will be removed from the program. No changes will be made without receipt of the completed Change of Presenting Author Form, including updated disclosure information.

After the changes, all correspondence will then be addressed and sent to the new Presenting Author.

Need Assistance?

Please contact the Program Secretariat at ins-aosbs@pharma-pro.com with any inquiries

REGISTRATION & ACCOMODATION INFORMATION

The committee of the 28th Annual Scientific Meeting of The Indonesian Neurosurgical Society will provide complimentary registration and hotel accommodation (4 nights - twin sharing based) for young neurosurgeons facing financial constraints that would otherwise hinder their participation.

To apply please email to the congress secretariat at ins-aosbs@pharma-pro.com :

1. Introduction letter from the department head / president of your society
2. Copy of passport (page with photograph)
3. Abstract with maximum 300 words.

Preference in the distribution of this support is given to young neurosurgeons with under 45 years old* less than 5 years of experience, presenting papers, and practicing in low-middle income countries as follow:

- Afghanistan
- Algeria
- Angola
- Bangladesh
- Benin
- Bhutan
- Bolivia
- Burkina Faso
